Boarding at Burn Hall “Home Away from Home”

Functioning on the lines of a public school, ABHC for Girls offers boarding facilities to male students aged between 5-13 years. Boarders are provided with a happy, friendly and rewarding residential experience in a cozy, home like environment. ABHC for Girls provides a unique educational environment where all students are motivated to fully develop their talents and skills in order to prepare them for the challenges of the world in which they will live and work.

Our seasoned house management moulds our young boarders into confident, well-oriented, responsible, patriotic and well-groomed individuals. While living in Boarding houses, they learn fine dining etiquette, spoken English, time management skills, team work and discipline. We aim to provide a caring, “home away from home” for boarders.

The academic guidance for boarders rests on regular classes, weak student classes, extra coaching at house level and time-tested academic evaluation system, which includes class tests, spot tests, monthly tests, terminal exams, detention exams and annual examination. The messing is managed by staff members working under the supervision of mess Committee, headed by the Administration Officer. The menu is exclusively prepared to provide a balanced diets and special diet is also provided to the students on the advice of the Medical Officer if needed. Dinner Nights, Movie Nights and Social Evenings are also held periodically for the amusement of boarders. Such activities bring forth their creative potential.

Attendance

Punctuality, the bedrock of discipline and order is the foundation of civilization. Similarly, leave is granted only on genuine grounds and applications for it must reach the authorities well in time. The maximum permissible leave for day-scholars during an academic year is 10 days. In case of an emergency or unavoidable circumstance where leave beyond the entitled 10 days is required,

10 days is required, the parents will have to visit the School in person for special permission by the Principal; failing this, the student will be considered as absent. - Imposition of fine may increase from Rs 100 - 500 for habitual absentees.
- In case of absence for 10 days or an aggregate absence of 20 days in an academic year. The name of the student will be struck off from the College Roll.

Regular attendance at lectures and laboratory work is necessary. 80% attendance for all the students is necessary to make them eligible for internal & board exams. Students are warned in their own interest that the shortage in attendance will not be condoned.

Note: The Principal shall have full authority to fine, punish or expel a student anytime if he finds the involvement of any student in the above mentioned actions or any other account of discipline.
